

ACADEMIC INCENTIVES (Grades 9 to 12)

Incentives and Attendance

- When a learner has 7 or less absences in a class, and is in good standing, they will qualify for an academic incentive. If the learner qualifies for an academic incentive, the value of the exam will be adjusted to 15% or 40%, depending on which application provides the higher final grade for the course.
- Three reported tardies is equivalent to one absence (per class).
- Bereavement is the only reason an absence will be excused while still allowing the learner to qualify for an incentive

Learner Expectations and Behaviour

- All learners are required to attend their scheduled exams.
- If a learner does not participate in their exam, they are considered to not be in good standing and will receive a '0' on the exam and if an incentive was earned, will be removed.
 - Bereavement and a serious medical condition are the only reasons for a learner being excused from an exam and will be applied at the discretion of the administration.
- Learners who need to be removed from an exam writing area due to inappropriate behaviour, including academic dishonesty, will receive a mark of '0' on the exam and incentive removed (if applicable).
- The minimum time before learners may leave the area of writing is 90 minutes.

ATTENDANCE INCENTIVE (Grades 7 and 8)

Regular attendance is mandatory for all students. Attendance and absenteeism will be monitored, and regulated to ensure everyone may be guaranteed the same opportunities for a basic education and a productive future.

To reach the Attendance Incentive a student must meet the following criteria:

If a student has 2 or fewer days absent, allowing for 1 late arrival. (School Activities exempt) in a calendar month, the student will be rewarded with an activity period for the previous month. 3 tardies equals 1 absence.
